

The MaXway To Stop smoking

Max Kaan is arguably one of South Africa's leading hypnotherapists. Max operates a successful hypnotherapy practice in Johannesburg and each year helps thousands of people stop smoking and lose weight.

Max Kaan holds a B.A. Degree in Communication (Cum Laude) and a B.A. Honours Degree in Psychology. Max has over 25 years' experience in hypnotherapy, and is the President of the South African Academy of Hypnosis (Established 1990).

He regularly presents talks and seminars worldwide to Industry, Commerce, Organisations and the General Public on the benefits of health and wellness achieved through the medium of hypnosis.

Max is concerned with the world wide problem of cigarette smoking and the damage to health it causes across all cultures. During the last five years Max Kaan has honed and perfected his MaXway system to stop smoking. The MaXway addresses all aspects of smoking, including the habit, addiction, social, physiological, psychological and adopts a whole brain approach.

What makes "The MaxWay" method different and so effective even in extreme cases is the fact that with the MaXway the smoker deals with the root problem and not just the symptoms.

It doesn't matter whether you smoke 5 cigarettes a day or 100, the "MaXway" is the most effective and permanent way to successfully stop smoking.

Testimonials: From 100 cigarettes a day to Zero in one Hour!

On the 28th of May 2015 with World anti-tobacco day looming, Jacaranda 94.2 FM decided to test the MaXway system.

The Complimentary Breakfast team set out to find the most extreme smoker and to confirm just how effective Max Kaan's "MaXway" system is.

Jacaranda 94.2 appealed to their listenership and after receiving thousands of emails, sms's and calls from people desperate to kick the habit, selected Mr Henry Locke.

Henry Locke's plea was the one that caught everyone's attention. Henry lit up his first cigarette when he was just 11-years old. Today he is 43 and smokes between 5 and 6 boxes a day **(that's over 100 cigarettes a day, 15 cartons a month!)** Henry Locke's smoking habit was so bad he would wake up from sleep every half hour to smoke.

After spending an hour with Max and being exposed to the MaXway, Mr Henry Locke stopped smoking.
